

Introduction

Vereniging Campus Kabel (VCK), or Association Campus Cable in English, is the student association that provides the signal for 110+ TV channels to students living on the campus of the University of Twente for a very competitive price.

Become a member

Want to watch TV? Go to our website and become a member of VCK:

<https://vck.tv/en/new-resident>

Membership

If you are going to live in a community flat you are probably already able to watch TV. See “Analogue TV” and “Internet TV” for simple instructions for connecting your TV. If you are unable to watch TV, your flat is probably not a member of VCK. See “Become a member” for instructions. If you are going to live in an apartment on your own and you want to watch TV, see “Become a member” for instructions.

Analogue TV

Connecting an analogue TV to our network is simple: just connect a coax cable from the outlet in the wall to your TV. See <https://vck.tv/> for more information or call us: **053-489 5233**.

Internet TV

VCK provides HD TV to all its members through the internet. Connect your laptop or desktop computer to the internet with an ethernet cable and go to <https://vck.tv/en/iptv-portal-2> and select the channel you want to watch. If you are having any problems with Internet TV, read <https://vck.tv/en/iptv-faq-2> or call us at **053-489 5233**.
